The Department of Health Care Services (DHCS) has established a Public Provider Ground Emergency Medical Transport (PP-GEMT) Intergovernmental Transfer Program (IGT) program. Per DHCS’ interim guidance, beginning on January 1, 2023, non-contracted public providers of GEMT services are eligible to receive add-on payments for each qualifying ground emergency medical transportation to eligible IEHP members.

A qualifying ground emergency medical transportation is one that is provided by a non-contracted public provider of GEMT services and billed in accordance with the criteria set forth by DHCS.

In order to receive this add-on payment, a non-contracted public provider must bill one of the following procedure codes,
