## 2025 Equity Quality Improvement Activity #1: Reducing Health Disparities Strategy Form

**IPA Name:** \_\_\_\_\_

The Department of Health Care Services (DHCS) has made health equity and reducing disparities in health care a central area of focus in its Quality Strategy. The intent is for IPAs to develop a quality improvement activity with an emphasis on driving improvements in health equity and health disparities and their root causes. For this Quality Improvement Activity, the IPA will choose from one of the following IEHP identified disparity populations listed below:

- Hemoglobin A1c Control among Hispanics
- Controlling High Blood Pressure among Blacks
- Asthma Medication Ratio among Blacks
- Well-Child Visits in the First 0-15 Months of Life among Blacks

IPAs must establish a quality improvement project to reduce health disparities and share project details with IEHP. Please complete the Plan-Do-Study-Act (PDSA) tool below as you work through your Quality Improvement plan. Completed PDSA tool must be emailed to [QualityPrograms@iehp.org](mailto:QualityPrograms@iehp.org) by the due dates listed below.
