

*We heal and inspire the human spirit.*

**To:** All PCPs, Peds & OB/GYNs

**From:** IEHP – Health Services Special Initiatives

**Date:** November 2, 2023

**Subject: Train New Trainers (TNT) Fellowships - Primary Care Psychiatry (PCP) and Addiction Medicine (PC-TEAM)**

---

---

PCPs are on the frontline for delivery of behavioral health and addiction treatment yet many PCPs are under-resourced and haven't been provided the training to support their members in need of mental health care.

**Train New Trainers (TNT) Fellowships are now available and provide clinically practical, evidence-based certification programs** designed to address the primary care setting's most frequently encountered medical/psychiatric conditions.

These one-year, non-traditional training program fellowships in **Psychiatry and Addiction Medicine** are an invaluable opportunity for all PCPs in internal medicine, family medicine, pediatrics, emergency medicine, and OB-GYN. Past fellows have also included MDs, DOs, NPs, and PAs.

### **1. Train New Trainers (TNT) Primary Care Psychiatry (PCP) Fellowship**

The **TNT PCP Fellowship** lays the groundwork for expanding psychiatric and chronic pain management education for PCPs who care for patients with behavioral health issues. This one-year fellowship is designed to increase confidence and skills in caring for mentally ill patients.

#### **Program Overview:**

- The [curriculum](#) includes over 50 hours of training and will lead to a certificate of completion from the UC Irvine School of Medicine
- Cohort begins January 1, 2024, and ends December 31, 2024 (**The application deadline is Friday, November 17, 2023**)
- Live webinars on the **second Monday at noon and the third Monday at 5:15 PM PT** via Zoom (21 hours)
- One hour per month of mentoring sessions with a [TNT faculty member](#) (11 hours)
- Specialized Child and Adolescence Psychiatry Track\*

*\*Our Child and Adolescent Psychiatry (CAP) Track is a year-long clinical education certificate program for primary care-oriented trainees and providers who wish to receive advanced training in the care of pediatric and adolescent patients with behavioral health concerns.*

If you have any questions regarding the PCP fellowship, please contact Karina Cardoso at [skmartin@hs.uci.edu](mailto:skmartin@hs.uci.edu).

## 2. Train New Trainers (TNT) Primary Care-Training and Education in Addiction Medicine (PC-TEAM) Fellowship

This new one-year fellowship is an innovative and targeted training to optimize the treatment of substance use disorders. PCPs are trained to complete an evidence-based substance use screening in busy primary care or other general medical settings to effectively prevent, diagnose, and treat commonly encountered substance use and pain-related disorders, and teach these principles to their primary care colleagues.

### Program Overview:

- The [curriculum](#) includes over 50 hours of training and will lead to a certificate of completion from the UC Irvine School of Medicine
- Cohort begins March 1, 2024, and ends February 28, 2025 (**The application deadline is Friday, December 1, 2023**)
- Live webinars on the **second and third Monday of each month at noon PT** via Zoom (21 hours)
- At least one hour per month of mentoring sessions with a [PC-TEAM faculty member](#) (11 hours)

If you have any questions regarding the fellowship, please contact Jessica Rivera at [jessicgr@hs.uci.edu](mailto:jessicgr@hs.uci.edu).

★ **Full-tuition scholarships are currently available to cover the tuition cost of \$15,500.**
