Subject: **UPDATE: 2023 Historical Data Submissions Deadline**

As Providers seek to close quality gaps by year end, we would like to share the Historical Data submission deadline:

> **January 15, 2024 is the last day to submit 2023 Historical Data!**
>
> Please note this is a change from deadline for 2022 data: February 1st.
>
> Please share this information with those responsible for submissions.

Reminder: The **Historical Data** submission process is for visits, procedures, or services that close quality gaps reflected on the Preventative Care Rosters that **cannot** be submitted via claims or encounters (e.g., services received prior to IEHP Membership, historical surgical procedures, etc.).

For measure descriptions and examples of tools or coding, please refer to the **2023 IEHP Global Quality P4P Program Guide for PCPs** on the IEHP website.
