Subject: **ACTION REQUIRED: Signed Data Sharing Agreement (DSA) Required for CA Data Exchange Framework (DxF)**

In July 2022, the California Health and Human Services Agency (CalHHS) released the Data Exchange Framework (DxF) and Data Sharing Agreement (DSA). The CA DxF advances health equity for all Californians by facilitating the secure and appropriate exchange of health and social services information.

Many health care services organizations were required to execute the DSA on or before January 31, 2023.

Entities subject to this requirement include, but are not limited to, managed care plans, general acute care hospitals, skilled nursing facilities, physician groups with more than 25 providers and clinical laboratories.

- **If you are receiving this notice, your organization has been identified as subject to the requirements cited above and IEHP does not have record of your signed Data Sharing Agreement (DSA).**
- **Please complete the DSA for your organization (access <https://signdxf.powerappsportals.com/>) and submit the following to IEHP as soon as possible, but no later than February 2:**
 - ✓ Confirmation DSA was executed and date of execution
 - ✓ Best contact for your organization for any further questions and outreach
- **Once completed, email providercommunication@iehp.org to provide confirmation of the above and your organization's direct contact for any questions we may have.**
