Subject: Measles Outbreak Signage for Waiting/Exam Rooms Available for Download

Inland Empire Health Plan (IEHP) has been notified of a Public Health Message shared by Dr. Sharon Wang, San Bernardino County Department of Public Health Deputy Health Officer.

The SB County DPH provided infographics that are readily available for download to be posted in in triage and clinic areas to spread awareness in your clinics.

These signs are available at [providerservices.iehp.org](https://www.providerservices.iehp.org) >> News & Updates >> Public Health Advisory or <https://www.providerservices.iehp.org/en/news-and-updates/public-health-advisory>.

Recent concerns regarding the highly contagious viral infection are being raised due to the national resurgence of measles, particularly among returning travelers. Fortunately, this condition is preventable with up-to-date immunizations.

If you have any questions, please contact the IEHP Provider Call Center at (909) 890-2054, (866) 223-4347 or email ProviderServices@iehp.org
