Inland Empire Health Plan (IEHP) is prohibited from issuing payment for Medicare Part C or D services provided, ordered, or prescribed by an individual or entity included on the Centers for Medicare & Medicaid Services (CMS) Preclusion List. This notice confirms that Inland Empire Health Plan (IEHP) has shared, via the Secure File Transfer Protocol (SFTP) server, the updated Preclusion List with the post date of **Friday, June 28, 2024**, for the month of **July 2024**.

IEHP will continue to share updates to the Preclusion List on the SFTP server as it is made available by CMS approximately every 30 days, by the end of each month.

### **Requirements**

- Ensure the IPA Provider Network is screened against the Preclusion List prior to hire/contracting, and monthly thereafter.
- Ensure all appropriate measures are taken to review your systems and update as needed to ensure providers or entities do not provide, order, or prescribe services for IEHP Members after the preclusion effective date.
- If an exact match of National Provider Identifier (NPI) or Employer Identification Number (EIN) is found for a provider or entity with a current or future preclusion effective date:
  - Ensure claims rejections begin as of the Claim Rejection Date listed on the Preclusion List file.
  - Ensure IEHP Members with an approved open/active authorization for the precluded provider or entity are addressed to ensure the Member does not receive services or orders/prescriptions after the effective date of the exclusion.
  - Notify the IEHP Compliance Department at [compliance@iehp.org](mailto:compliance@iehp.org) within two (2) business days of identifying the match, and include the following information:
    - List of IEHP Members who have received services from the precluded individual or entity within the previous 12 months.
    - List IEHP Members with an approved open/effective authorization for the precluded individual or entity and planned actions to address.
