Subject: **UPDATE: 2024 Historical Data Submissions Deadline and Accepted Measures**

As Providers seek to close quality gaps, the Inland Empire Health Plan (IEHP) has an update to the accepted measures via Historical Data and the Historical Data submission deadline:

Effective August 1, 2024

1. **Initial Health Appointment is no longer accepted through Historical Data Submissions.**
2. **December 31, 2024, is the last day to submit 2024 Historical Data.**

Please note: this is a change from 2023 and we ask you to share this information with those responsible for submissions.

As a reminder, the **Historical Data** submission process is for visits, procedures, or services that close quality gaps reflected on the Preventative Care Rosters that **cannot** be submitted via claims or encounters (e.g., services received prior to IEHP Membership, historical surgical procedures, etc.).

For measure descriptions and examples of tools or coding, please refer to the **2024 IEHP Global Quality (GQ) P4P Program Guide for PCPs** on the IEHP website.
