Dear IEHP Provider,

We review the DHCS DUR Board Educational Articles regularly for important information we can pass on to our Provider Network to **improve the quality and cost-effectiveness of prescribing and dispensing practices for Medi-Cal members.**

Educational interventions include ongoing dissemination of information through the Medi-Cal provider bulletin process about clinically important, drug-specific therapy problems.

Please find below recent article that may benefit your practice.

[Risks of Concomitant Statin Therapy with Gemfibrozil \(ca.gov\)](#) was published August 23rd, 2024.

This and other articles can be found here:

[Medi-Cal Rx | Homepage](#) > Provider Portal > Drug Use Review > Educational Articles

**Disclaimer: These articles are the result of analyses carried out by the Global Medi-Cal DUR Program and are not official policies of the Department of Health Care Services (DHCS).*

Sincerely,
IEHP Pharmaceutical Services
